

THE PROSPER MÉNIÈRE SOCIETY

Spring 2018

SAVE THE DATE

19th

International Symposium on
INNER EAR DISORDERS

A week-long forum for presentation and discussion of the most current research on inner ear diagnosis, medicine, and surgery

March 20-28, 2020

Registration will begin on Saturday, March 21st, with final talks given on Friday, March 27th.

Hotel Theresa in Zell im Zillertal, Austria

This week-long continuing medical education program is intended for practicing otolaryngologists, otologists/neurotologists, neurologists/neurosurgeons, neuroradiologists and audiologists. It will provide a comprehensive overview of inner ear diseases/disorders and their treatments. Basic and clinical researchers will present lectures and conduct plenary sessions on clinical ramifications of inner ear pathophysiology, state-of-the-art interventions, inner ear organ culture techniques, hair cell regeneration, inner ear fluid dynamics and their alterations in pathophysiologic disorders, and autoimmune inner ear disease.

LETTER FROM THE DIRECTOR

Greetings, everyone! I am happy to announce that the 18th International Symposium and Workshops on Inner Ear Medicine and Surgery was perhaps one of our best meetings to date. We had nearly 60 attendees, including 28 speakers and representation from 18 countries. Our esteemed colleagues presented on a broad range of topics, from cochlear

implantation to innovative surgical techniques and cutting-edge therapies. There was a lot of enthusiasm at the conference, which is an indication of the current climate of exciting advances in the field.

In this newsletter, you will find some photos taken at the meeting. More are available on our website (www.prospermeniere.com). I am also happy to announce that we have reserved our venue, The Hotel Theresa, for the 19th International Symposium, which will be March 20-28, 2020. After polling our Board Members, we have shortened the name to **International Symposium on Inner Ear Disorders**; however, you can expect the same great topics to be presented in the same manner!

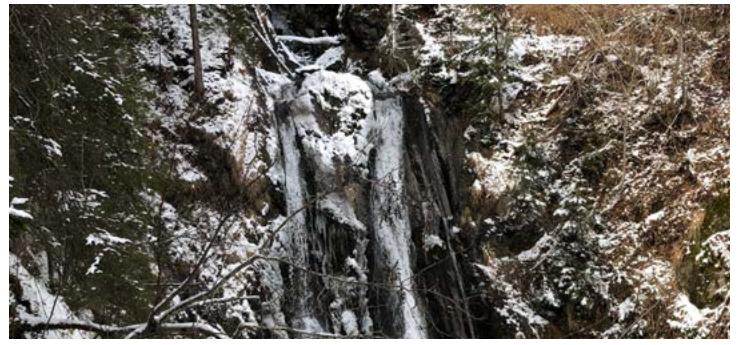

If you are not already a member, I encourage you to join the Prosper Meniere Society. This will not only give you a discounted rate when you register for the symposium, it will also ensure you receive all communications regarding the meeting, such as information about the Gold Medal Award recipient, call for abstracts, and hotel accommodations. A New Membership form is included in this newsletter and can also be found on the website.

On that note, we are always happy to have others involved in the society and in meeting preparation, so please email me if you are interested in taking on a bigger role!

Sincerely,

John Dornhoffer, MD, FACS
